

RakshakAI Running Program Screenshots

Live screenshots captured from the running dashboard and Flutter mobile app.

Prepared for hackathon submission.

Included Screens

1. Dashboard Login

Police dashboard sign-in screen with demo credentials.

2. Dashboard Overview

Live police command hub showing overview and monitoring panels.

3. Dashboard Fraud Reports

Fraud investigation screen with report review and evidence context.

4. Mobile Login

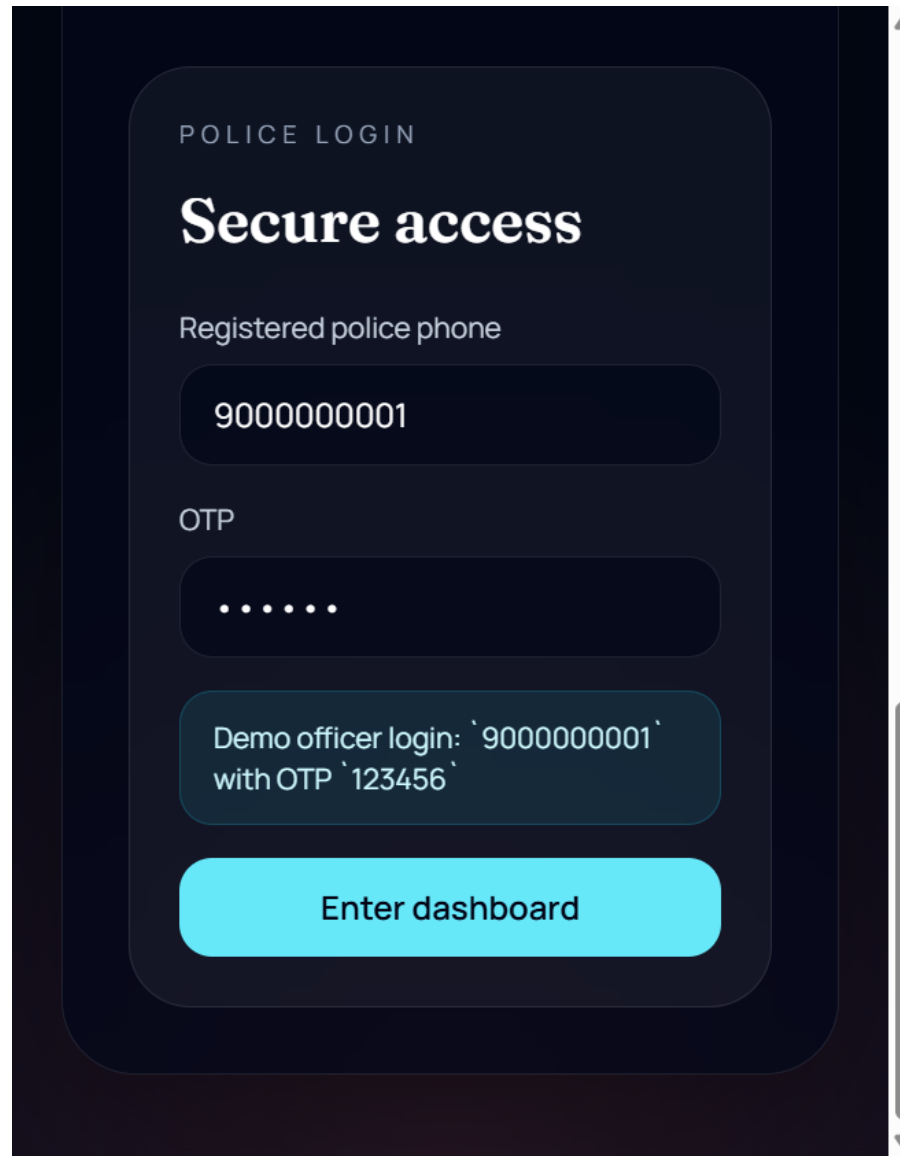

Senior citizen mobile login screen in Flutter web mode.

5. Mobile Home

Senior home dashboard with SOS, scam check, and daily check-in actions.

6. Mobile SOS

Emergency SOS screen with one-tap distress trigger and emergency contacts.

A dark-themed login interface for a police dashboard. It features a central card with rounded corners containing the title 'POLICE LOGIN', a subtitle 'Secure access', and two input fields for 'Registered police phone' and 'OTP'. Below these is a text box showing demo credentials and a large cyan button labeled 'Enter dashboard'. The interface includes vertical scrollbars on the right side.
